June 13, 2005

ROUTE 210 CONSTRUCTION WILL REQUIRE TEMPORARY AND PERMANENT ROAD CLOSURES

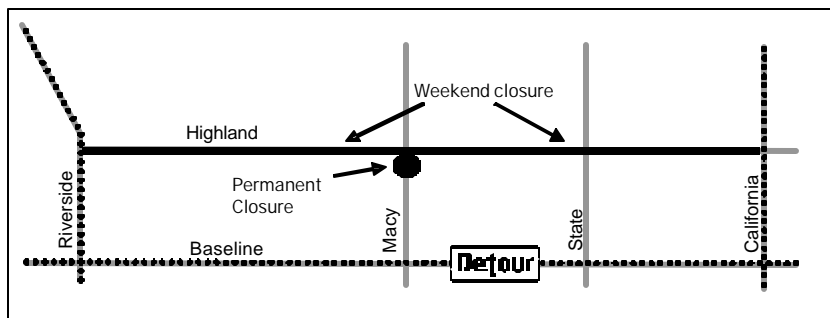

Ongoing State Route 210 construction will require permanent and temporary road closures in San Bernardino and Rialto this month. Construction crews are working to complete utility relocations, street improvements and bridge projects to prepare for construction of the freeway lanes. The following are two areas of construction that will impact local traffic.

Monday, June 20

Macy Street in San Bernardino will be closed permanently south of Highland Avenue. A cul de sac will be built adjacent to the new freeway. Macy will remain open north of Highland.

Friday, June 24 at 8 p.m. through Monday, June 27 at 5 a.m.

Highland Avenue will be closed between Riverside Avenue in Rialto and California Street in San Bernardino to complete drainage structures and curb and gutter improvements. During this weekend closure, drivers should use Base Line, Riverside and California as detour roads.

San Bernardino Associated Governments regrets any inconvenience this construction may cause and thanks residents in advance for their patience. For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. Please allow extra travel time, follow signs and posted detours, and drive carefully through construction zones.

Remember: Safety: It's no accident!

Please call the Route 210 Helpline for any special access needs you might have or anticipate during construction. If any contractors, machinery or work directly impact your business, please let the construction workers know.
